Legislature Votes Down Funds For Emerald Bay Span

Parks Official Objects To "Destroying" Beauty Of Inlet

A bill appropriating $2,000,000 for a causeway and bridge across the mouth of Emerald Bay on Lake Tahoe died in Senate Transportation Committee Monday for lack of votes.

Senator Berry (R-Placerville) argued it is necessary to relocate state route 89 along the lake's west side to a water-level causeway because the present mountainside highway is blocked every spring by slides.

Opposition was voiced by Earl P. Hanson, deputy chief of the State Division of Beaches and Parks. He said the causeway-bridge would detract from the natural charm of "one of the most beautiful inlets in the world."

His division, he said, feels the proposed re-routing would also scar all the hillside and would cut Bliss State Park in two.

"We believe that, at considerable less cost, the existing road can be improved," Hanson said.

Some Disagree

Several committee members said they do not agree with Hanson's view but differed with Berry's proposal to take the $2,000,000 from state park funds.

The Berry bill has attracted opposition of the Sierra Club, but no representatives of the group were present.

Some of the committee members noted Senator Arthur Breed, Jr., (R-Oakland) often voices the Sierra Club's views. But Breed, also a committee member, said in this case he felt state engineers could work out "a practical bridge that would offend no one." He was one of those who questioned use of park funds, however.

The committee also refused to okay another Berry bill to extend State Route 49 in the Mother Lode another 29 miles from its present southern terminus in Mariposa.

Berry said the extention is vital to the area's economy, State highway officials said the addition would cost $1,750,000 while the route averages only 330 cars a day.

NEW STREAMLINER VIEWED IN TRUCKEE

Many Truckee residents yesterday were given a brief look at the new General Motors Aerotrain which was returning east after a trial run in the San Francisco Peninsular area.

The silver and red streamliner is a light weight, low slung train which is cruising about the country to get the reaction of railroad men and passengers.

The train consists of nine cars and a motor and can be operated at a minimum of cost, builders declare. Unlike the usual train there are only four wheels on each coach and it is much lower and swifter, observers declare. The assistance of one of the S. P.'s diesels was necessary, or at least advisable, to take the train over Donner going both east and west. It arrived in California March 25th.

CUB SCOUTS TO VISIT TAHOE FISH PLANT

Cub Scout Pack No. 7 will visit the Lake Tahoe Fish Hatchery on Saturday afternoon and all boys interested in making the trip should be at the Truckee Elementary School at 1:30 with a note from their parent or guardian giving permission and to relieve those furnishing transportation of liability while on the trip.

James Roth led the flag salute when the March 27 meeting opened in the school building.

Charles Hintz joined the pack and was awarded the bobcat pin. Mike Ingalls and Skip Peterson were awarded the wolf badge. Ted Daniels, Gary Sturcke and Steve Davis received silver arrows in Wolf rank. Dick Ingalls and Steve Davis received gold arrow points in bear rank. Joe Parkhurst was awarded one gold and two silver arrow points in the lion rank.

Sanitarians Meet Here To Discuss Squaw Plan

State and local sanitation officials met here Monday for a survey of Squaw Valley as it pertains to the forthcoming winter Olympic games. They plan a meeting later this month with the organizing committee officials to discuss the question of sanitation and sewage disposal during the games.

In the group were John T. Leggett, executive officer, and C. Edmunds, member of the Lahontan Regional Water Pollution Control Board; Dr. Ruth Moldenhauer, Placer County health officer; Arnold Prucha of the state department of public health, and James Wheat, Placer County director of sanitation.

In City—

Rolland Gautsche was a San Francisco visitor last week.

Charles Whites To Observe 55 Years Of Marriage Here

Mr. and Mrs. C. B. White will celebrate their 55th wedding anniversary on Tuesday, April 10th with their son and daughter-in-law, Mr. and Mrs. Bernard White of Sacramento.

The prominent couple who have endeared themselves to many during their long residence here, have lived in their present home for 52 years.

Mr. and Mrs. Whte were married in 1901 in the home of her parents, the late Mr. and Mrs. Charles Sullivan of Sacramento. Mr. White also of a pioneer Auburn family was first employed in Truckee by the Southern Pacific Company in 1896, later being associated with the Lake Tahoe Railway and transportation Company.

Both Mr. and Mrs. White have been active in civic and social life here. They are members and former officers of the Order of the Eastern Star. He also has been a member of long standing in Truckee Lodge No. 200 F. and A. M.

White is a former president of the Truckee Chamber of Commerce and identified with the early development of the Truckee Public Utility District, building of the bank formed in 1923 which was sold to the Bank of America in 1928.

Upon his retirement from the banking business some years later, Mr. White has continued to be occupied with his insurance business.

LOCAL LEGION POST HONORED IN MEET

At a meeting of Truckee Post No. 429, American Legion Tuesday night, Chuck Reynolds of Donner Summit Post, vice commander of the Sixth District, presented the local post with a 100 percent ribbon for the 1956 membership quota.

Commander Lloyd Everett presided at the meeting and the application of Frank Wilson, employed at Fontana's Laundry, was voted upon and approved unanimously.

BOXING, WRESTLING PROGRAM IS HELD

The third annual Tahoe Truckee boxing and wrestling tournament was held before a capacity crowd on Friday, March 16, in the local gymnasium.

Six boxing bouts were presented. The winners in the gnat weight division were Ron Borden and Bill Conners. The flea weight title was captured by Kenny Wilson, and Jimmy Allen was victorious in the welter weight division, Louis Ellis won the middle weight B contest, while Jess Marin took the middle weight A title.

The wrestling tournament included four contests. The winners of the different weight classes were Richard Brown, 108 lbs., and Sam Medford, 110 lbs. The team of Ken Osburn, 126 lbs., and Randy Schultz, 135 lbs., was victorious in the evening's tag team event. The 150 lb. match was won by Bob Trask by a split decision.

The outstanding boxing and wrestling awards went to Jess Marin and Bob Trask respectively.

The judges were Bob Beckman of Tahoe City, and Jack McGlade of Truckee. Steve Korich of Tahoe City served both as referee and judge

Stewarts Are Parents Of Son At Hospital

The third child and first boy of Mr. and Mrs. Keith Stewart born at Tahoe Forest Hospital on Tuesday morning has been named Randall Keith. The husky lad weighed 8 pounds, 4 ounces on arrival. Dr. L. D. Nelson was the attending physician.

Pays Fine

Robert Johnson, 36, paid a fine of $15 on a charge of being drunk when he appeared before Judge F. W. Wilson this week. He was arrested by Deputy Sheriff Roy Waters.

DONNER DANCERS DOINGS

The Donner Dancers had a pot luck dinner Friday evening followed by square and round dances with Mrs. Roger Stinchfield as master of ceremonies.

The group meets each Friday at 8 p.m. in the Veterans Memorial Hall and any one wishing to join is extended a cordial invitation. No admission fee is charged.

Sportsmen Seek Hearing On Rule Restricting River

Meeting Today In Capital To Present Objection To Order

Jack Waggoner, president, Charles Osburn, vice president, Edith Welch, secretary and Robert Moore, member of the Truckee Outdoor Sportsmen, today are attending a session of the California Fish and Game Commission at Sacramento in a final move to have that group rescind a recent order restricting seven miles of the Truckee river to use of artificial fishing lures.

The sportsmen have repeatedly been told that the action of the commission must stand for at least one year, but are determined to leave nothing undone which might change what they consider discriminatory and unfair ruling.

Robert Montgomery, regional fish and game department manager, and William Harp, commission assistant, each asked the local delegation to attend the meeting to explain their stand and hear what the commissioners have to say.

The local interest in the matter was heightened when it was revealed that of the 25 letters sent to the commission approving and urging the closure of the river to bait fishermen, 16 came from members of the Flycasters Club and one from a past member. None of the letters favoring the closure was from an organization.

On the other hand, it was estimated that letters from nine local organizations and 15 individuals, represented approximately 2700 sportsmen and business people.

Moore, who has headed the drive to have the order rescinded, said he has gathered considerable data which he hopes to be able to present to the commission at today's meeting in the auditorium of the State Employment Building.

Further steps may be taken, it was indicated by Moore, if the commission continues to refuse to change the ruling.

Airport Group To Meet On Monday

E. V. O'Rourke, who heads the joint committee in investigating the possibility and feasibility of establishing an airport near here, has called a meeting of committee members and other interested persons, for Monday, April 9 at 8 p.m. in the high schol.

A review of steps taken and a plan for future activities will ocupy the meeting and it is expected officials from the California Aeronautics Board will be on hand to assist.

In the meantime, Supervisor H. G. Loehr has been successful in securing an allotment of $2500 from the Nevada County airport gas tax fund to finance the required survey of the proposed local field. The survey and a master plan must be completed before federal aid can be enlisted to assist in development. Purchase or acquisition of the land is also a major factor facing the planners.

The grant came in line with a recent study by the Nevada County Planning Commission in which C. Edmunds, a local member, urged that the allocation be made so that a determination of future plans can be made.

Members of the state aeronautics board, the California Olympic Commission, Congressman Clair Engle, the CAA and others have shown a marked interest in the airfield, and all have expressed a desire to lend all possible assistance.

TASK OF OPENING BAY ROAD FACED

MARYSVILLE— J. W. Trask, superintendent of the Marysville division, state division of highways, announced he hopes to get crews busy soon at the giant task of clearing a slide near Emerald Bay at Lake Tahoe on State Route 89 in Eldorado County.

Trask said he does not know the exact extent of the big slide, which has been estimated at 150,000 cubic yards.

See Motorama—

Mr. and Mrs. Elden Tonini, Robert Tonini and Miss Patricia Andres were Sunday Motorama viewers at San Francisco.

SUNBEAMS

By WALTER M. BARRETT

It is most regrettable that the state legislature did not see fit to pass the necessary appropriation for construction of a bridge over Emerald Bay. It is even more regrettable that an official of beaches and parks expressed the thought that the causeway would detract from the natural charm of "one of the most beautiful inlets in the world," in his opposition to the bill. There are those among us who liked the old ferries spanning the San Francisco Bay, we may have had a soft spot in our hearts for the winding old roads which once provided the only means of vehicular travel, but progress and increased needs put these ancient facilities out of business. The beauty of Emerald Bay can not be disputed, but we think that beauty would be observed and admired by many thousands more daily if an adequate approach was provided. The official's outlook is a bit shortsighted, in our opinion. If all of nature's spots were as carefully preserved, there would be far less progress in our country. The construction of the Emerald Bay span would not molest the beauty of the area, it would open up a much needed highway, replace one which is dangerous and avoided by thousands and would provide a year-round route connecting two important transcontinental highways. Last but not least would offer needed access to the forthcoming 1960 Winter Olympic Games.

ANOTHER DOCTOR IS SKI MISHAP VICTIM

Doctors are having a tough time in the snow.

Last week there were three skiing doctors treated at the Tahoe Forest Hospital for broken right legs resulting from ski mishaps.

This week, Dr. Charles Rolle, III, San Francisco, had both legs broken and after treatment in the local hospital was removed to San Francisco by Truckee ambulance.

JOINT MEETING OF SERVICE CLUBS TO BE HELD APRIL 18

Invitations have been mailed to all service clubs in the region to attend a joint meeting to be held at the high school cafeteria Wednesday, April 18th at 7 p.m. when speakers will include Senator Harold Johnson of Roseville and P. K. Macker of San Francisco, executive secretary of the California Olympic Commission.

Both speakers will discuss various phases of the 1960 Winter Olympics.

It is possible that Congressman Clair Engle may be a special guest at the meeting being arranged by Chairman E. V. O'Rourke of the Truckee Lions Club.

Sharon Pace Observes Birthdate At Dinner

Miss Sharon Pace celebrated her April 10th birthdate during Easter week at a dinner given by her parents, Mr. and Mrs. Tony Pace. A special cake which has been a traditional part of the annual observance was served at dessert time.

The celebrant returned to San Jose College where she is a student.

Easter Birthday—

Miss Mary Ann Tonini was feted on her birth date which occured on Sunday, April 1st.

Breaks Leg

Arthur Mandlebaum, a student at UCLA, broke both bones in his right leg Sunday while skiing and Tom McCorkle, 17, San Francisco was also a patient at the Tahoe Forest Hospital with a similar injury during the weekend.

Officer Moves Here—

Highway Patrol Officer and Mrs. Earl Mixner and their three daughters are living in the Chase Harper house on the Truckee River.

Budget Approval Pave Way For '60 Olympics In Area

Plans Progressing Despite Sour Note Injected By IOC Head

Telegrams citing California's readiness to provide facilities and conduct the 1960 Winter Olympic Games were sent to all international Olympic officials in advance of the April 3rd deadline.

This was made possible by the action of the California legislature in passing the budget bill which embraced the $4,000,000 additional appropriation requested for staging the contests.

Had not the money been assured by Tuesday, the games automatically would have gone to Innsbruck, Austria, this being the decision of the international committee at Cortina in February. A previous appropriation of $1,000,000 was voted last year to finance the games and show California's willingness to sponsor them.

More Criticism

Despite the continued assurances by those charged with providing facilities for holding the games, Avery Brundage, president of the international committee, constantly criticizes the progress, this week being quoted as saying he was "honestly concerned over the ability of California to hold the Olympics in a first-class way."

He charges that the present planning calls for a "commuters' Olympics in 1960," and added that "you have to have luxury accommodations for the thousands who will want them."

"You can't give them accommodations in a roadside motel 10 miles from Carson City, Nev., and as the Squaw Valley resort is right now that's all you've got."

In spite of Brundage's pessimistic attitude, planners are progressing and every indication is that the California games will rank high in comparison.

Dale Euer Expires At Folsom Home

FOLSOM— Final rites were conducted here Monday for W. Dale Euer, 47, descendant of early day cattle ranch operators in eastern Sacramento and western El Dorado Counties.

The body was cremated. Euer died in his home in Latrobe, El Dorado County.

He was the grandson of Sofary and Clara Euer, who moved to the Latrobe region in the 1850's. On his maternal side, he was the grandson of Mark H. and Rebecca Dodson, who settled in that area also in the 1850's. The grandparents established extensive cattle ranch holdings in the Latrobe, Shingle and White Rock section and in the Truckee, Nevada County, area.

He was the son of the late William and Belle Euer, who continued the cattle operations.

Euer was a member of the Latrobe Odd Fellows Lodge, the California Cattlemens Association and the Refuge Grange.

He is survived by his sister, Mrs. Genevieve Lehman of Latrobe.

Visitors Are Feted At Affairs During Holiday

Mr. and Mrs. Lynn Kishbaugh were house guests of Mr. and Mrs. Durward Ford of Sun Valley, California, during Easter week.

The hosts were Kings Beach residents and during the visit of the local couple they were also the luncheon guests of James Surtees of Twentieth Century Fox who arranged a tour of the motion picture studio.

Currans Buy Former Dr. Kase Residence

Mr. and Mrs. William Curran have bought the house formerly owned by Dr. and Mrs. Sidney Kase.

The Kases left last week for Chicago whree he is taking a post graduate course in surgery.

Move To Sutter Creek—

Mr. and Mrs. James Leamon have moved from Grass Valley to Sutter Creek where he will continue with the California Fish and Game department.

Will Conduct Meeting

J. W. Trask, district engineer for the division of highways is scheduled to be here Saturday morning at 10 o'clock to direct a public meeting at the high school when details of the proposed new 4-lane freeway here will be discussed.

Al Bradshaw, Well Known Sportsman Succumbs At Bay

His many local friends, and particularly the sportsmen of all Northern California, will sincerely regret the death in San Francisco Saturday of Albert G. Bradshaw, a former Truckee resident and veteran Southern Pacific engineer.

Al Bradshaw for three years headed the Truckee Outdoor Sportsmen and his name at one time was prominently mentioned for appointment to the state fish and game commission because of his untiring efforts in behalf of the sportsmen and conservation.

Often he neglected his own work in order to be present at state and district sportsmen's meetings where matters of importance were discussed.

He left three years ago and since has made his home in Oakland. He was taken ill more than a year ago and recently underwent a major operation from which he never fully recovered.

Surviving are his wife, Mrs. Theresa Bradshaw of Oakland and two children, Mrs. Margaret McKinstry and Richard E. Bradshaw. He leaves also his mother, Mrs. Mamie Bradshaw and two sisters, Laura Sheets and Emma Dawson and a brother, Elmer. He was a past master of Truckee Lodge No. 200, F. & A. M. and was affiliated with Ben Ali Temple of the Shrine and a member of the Brotherhood of Railroad Engineers.

Funeral services were held Tuesday in Oakland under the auspices of the Masonic Lodge. Inurnment was private.

NO OPPOSITION SEEN FOR CANDIDATES

With the date for filing applications for candidacy to public offices now nearly a week back, it is learned that there is no opposition to the candidacy of Supervisor H. G. Loehr and Republican Central Committeemen B. W. Reynolds and Harold Welch, the only local people in the June 5th primary election.

Attention is again called to the fact that the last date to register for the primary election is April 12— next Thursday— and residents are urged to be sure their names are on the great register. Registrars in Truckee are Mrs. George Kamp at the office of the Truckee Public Utility District and Mrs. Joe Mattos at the Justice Court office.

Mrs. Lampson Dies

Funeral services for Mrs. Dorothy Guild Lampson, 58, who with her husband, the late Alvan W., operated a store in Tahoe Valley, El Dorado County for many years, were held Tuesday in Sacramento.

BOOK MEETING

The next meeting of the Great Books discussion group, to be held in the Community Center Library, will be April 11 at 8:00 p.m. Robert and Naomi McLane will lead a discussion of Aristotle's Politics, Book I.

San Jose Guests—

Mr. and Mrs. William Frey were Easter week guests of Mrs. Lawrence Frey from San Jose. Frey has been attending college, taking a course in mechanical engineering.

No Opposition To New Highway Is Seen On Saturday

One Entrance Road Will Be Requested At Meet This Week

If the division of highways will permit a side road leading to the main section of Truckee from a point north of town in the vicinity of Trout Creek, there is expected to be no opposition to the plan for by-passing the business section with the proposed 4-lanes on Highway 40.

This was indicated at a meeting of the chamber of commerce held at the high school Tuesday night, when a small but earnest group of local citizens and property owners met to discuss the project. E. K. Stice presided at the meeting in the absence of Hal Welch, the president.

The purpose of the meeting was to gain opinions from local people which can be presented in an orderly manner at the hearing set for Saturday morning at 10 o'clock when J. W. Trask, dstrict highway engineer and other officials will hear opinions and point out the state's plan for the new four lanes from the Nevada state line to Donner monument.

C. Edmunds was chosen by the chamber members to be spokesman at the Saturday meeting and present the local proposal.

Access Road

Since there will be only two other entrances to the business sections of town, one at the Truckee-Tahoe Wye and the other east of here at the intersection with State Route 89, it is held desirable that an entrance road be provided closer to town to accommodate travelers desiring services in this area. The proposed diversion also would make travel over the Brockway shortcut more accessible.

Aside from that one request, the meeting Saturday is expected to result in overwhelming approval of the route suggested in the tentative plans previously announced.

Everyone interested is invited to attend the public meeting Saturday morning to hear details of the plan.

Brown's Only Bid For Garbage Job

Gale Brown & Son Tuesday night were awarded the contract by the Truckee Sanitary District to replace Paul Rausch and Sons as garbage collecting agent in the district. The bid submitted by Brown, offering $125 monthly for the franchise, was the only one received at last Friday night's meeting of the board.

Brown started collections this week.

The board of directors granted Rausch and Sons permission to use the dumping area as the latter will continue service in areas outside the district but contingent thereto. An agreement between Rausch and Brown on the use of the dump will be worked out later.

For the benefit of local residents who are not familiar with the service, rate structure and responsibilities of customers and contractor, Ordinance No. 5 will be republished in next week's Sierra Sun, J. J. McGlade, clerk of the board, said.

SPEAKER DISCUSSES PLAN FOR OLYMPICS

Guest speaker at the weekly meeting of the Truckee Rotary Club Monday evening was Walter Barrett, a member of the California Olympic Commission, who discussed the plans for the 1960 Winter Olympics at Squaw Valley. The talk included possible local effects of the influx of thousands of visitors from all parts of the world, and a warning of danger if adequate steps are not taken to stabilize and regulate local industry.

Unity in preparation and planning are important, a problem which might best be solved through incorporation, the speaker declared. He complimented those who have made the Olympics possible for California and paid tribute to the U. S. Forest Service for making lands available.

The meeting was presided over by Rex Thomas and James Sherritt was program chairman. Gino Giovannoni was inducted as a new member of the club.

FREE LECTURE WILL BE HELD AT RENO

A free lecture, entitled Christian Science: Its New Light on the Ten Commandments, by Earl E. Simms, C. S. of Austin, Texas, a member of the board of lectureship of the Mother Church, First Church of Christ, Scientist, will be given under the auspices of the First Church of Christ, Scientist, at Reno Sunday afternoon, April 8th at 2 o'clock. Everyone is invited to attend.

The same lecture will be given Monday, April 9th in the Home Economics Building at Auburn.

NOTICE OF TRUSTEES' SALE

On April 17, 1956, at the hour of 10:00 a.m., on the steps leading to the front entrance of the Nevada County Courthouse, situated in the City of Nevada City, County of Nevada, State of California, GARTNER S. THOMAS and THOMAS A. WAHL, as Trustees, will sell at public auction to the highest bidder for cash in lawful money of the United States, the following described real property situated in the County of Nevada, State of California:

All that portion of the Southeast quarter of the Southeast quarter (SE¼ of SE¼) of Section Seventeen (17), Township Seventeen (17) North, Range Fifteen (15) East, Mount Diablo Base and Meridian, described as follows, to wit:

Commencing at the point of intersection of the Northerly right of way line of the Central Pacific Railway Company with the southerly right of way line of the State Highway, which point is opposite at right angles Northerly and distant Two Hundred (200) feet from the center line of original main tract at Engineer's Station 12-04.93 and from which point of commencement the section corner at the southeast corner of above mentioned Section 17, bears South 2 degrees 45' 40" East 759.50 feet; thence from said point of commencement, North 81 degrees 37' 55" West along the Northerly right of way line of the Central Pacific Railway Company, a distance of 364.-93 feet; thence continuing on said Northerly right of way line on the arc of a curve to the left of radius 1018.64 feet, which arc is subtended by a chord bearing South 89 degrees 51' West 301-.74 feet; thence leaving said Northerly railroad right of way, North 9 degrees 37' 50" West 47-.73 feet to a point on the southerly right of way line of State Highway; thence Easterly along said Southerly line of Highway on the arc of a curve to the right of radius 1160.00 feet which arc is subtended by a chord bearing North 87 degrees 44' 18" East 302.31 feet; thence continuing along said Southerly highway line on the arc of a curve to the right of radius 960.00 feet, which arc is subtended by a chord bearing South 73 degrees 12' 10" East 385.16 feet to the point of commencement and containing an area of 0.712 acres, more or less.

EXCEPTING AND RESERVING THEREFROM the following: (a) Any portion that might lie within the boundaries of the Central Pacific Railway Company's four hundred foot right of way. The meridian of this description is based upon the meridian of the highway survey— subtract 0 degrees 30' in azimuth to obtain true bearings.

(b) A portion of the Southeast quarter of Section 17, Township 17 North, Range 15 East, M.D.B. & M., described as follows:

Beginning at the intersection of the Westerly line of a power line right of way, fifty feet in width, and the Southerly line of the tract of land described in that certain deed of Southern Pacific Land Company to Vanderford recorded in Volume "62" of the Official Records of Nevada County, California, at Page 452, and from the point of beginning of the hereby described tract, the point of beginning of the tract of land described in above mentioned deed bears South 81 degrees 37' 55" East 189.24 feet; thence North 19 degrees 47' East along the Westerly line of said power line right of way for a distance of 47.30 feet to a point on the Southerly line of U.S. Highway 40, from said point a concrete highway monument on the Southerly line of said highway at Station 19-62.9 E.C. bears South 65 degrees 53' 05" East 229.04 feet; thence from a tangent which bears North 72 degrees 44' 10" West along the arc of a curve to the left whose radius is 960 feet through an angle of 2 degrees 59' for a distance of fifty feet, said arc being represented by the chord of North 74 degrees 13' 40" West 49.98 feet; thence South 19 degrees 47' West 53.87 feet to a point on the ed Southerly line for a distance of 50.87 feet to the point of beginning, containing 0.058 acres, more or less.

Southerly line of the parcel described in above mentioned deed to Vanderford; thence South 81° 37' 55" East along last mention-

(c) A portion of the Southeast quarter of said Section 17 described as: Beginning at a point on the Southerly line of the tract of land described in that certain deed of the Southern Pacific Land Company to Vanderford recorded in Volume "62" of the Official Records of Nevada County, California, at Page 452, and from the point of beginning of the hereby described tract, the point of beginning of the tract of land described in the above mentioned deed bears South 81 dgrees 37' 55" East 240.11 feet; thence North 19 degrees 47' East 53.87 feet to a point on the Southerly line of U.S. Highway Forty; thence along the Southerly line of the said highway on the arc of a curve to the left having a radius of 960 feet for a distance of 20 feet (said arc being represented by the chord of North 76 degrees 19' West 20.00 feet); thence leaving said highway South 19 degrees South 32' West 55.69 feet to a point on the South line of the tract of land described in above mentioned deed; thence South 81 degrees 37' 55" East along the South line of the tract of land described in above mentioned deed for a distance of 20.00 feet to the point of beginning. Containing 0.02 acres, more or less.

Said sale will be made to satisfy the obligations secured by and pursuant to the powers of sale conferred in a certain Deed of Tructexecuted by JESSIE A. VANDERFORD, a widow, as Trustor, and GARTNER S. THOMAS and THOMAS A. WAHL, as Trustee, and BESSIE D. DeVONEY, GEORGE C. ALEXANDER and JOHN COSTELLO, as Trustee in Bankruptcy of MARION SPENCER STRICKLAND, as Beneficiary, which said Deed of Trust was recorded in the office of the County Recorder of the County of Nevada, State of California, on October 1, 1954, in Book 202 of official records at Page 50, and under Recorder's Serial No. 11297.

Default was made in the payment of the sum of Nine Thousand Five Hundred Seventy-nine and 99|100ths Dollars ($9,579.99), the principal amount due under the terms of the Promissory Notes for which the above mentioned Deed of Trust was given as security. A breach of the obligation for which said Deed of Trust is security has occurred. Notice of breach of obligation and election to sell said real property was recorded in the Office of the County Recorder of the County of Nevada, State of California, on the 9th day of December, 1955, in Volume 215 of official records, at Page 467. This Notice is given in compliance with the demand this day made on the Trustees by the Beneficiaries.

Governor Opposes Tax For Highway Damages

SACRAMENTO —(CNS)— Gov. Goodwin J. Knight declared he is opposed to any raise in the state gasoline tax as a means of financing repairs to state and county roads damaged by winter floods.

Knight also said he opposes use of any money from the state's $75,-000,000 "rainy day" reserve fund for the purpose.

Knight's remarks were in response to news conference questions concerning pending legislation in the state senate which would raise gasoline taxes .4 of a cent per gallon for repair of flood damage.

Two Are Named Members Of State Adult Authority

SACRAMENTO —(CNS)— Gov. Goodwin J. Knight announced reappointment of Cletus J. Fitzharris and Fred Finsley, both of San Rafael, as members of the state adult athority for four-year terms.

Finsley has served on the authority since 1951 and Fitzharris since last October.

STRICTLY STRICKLAND

By Bill Strickland

Another Ski Racing Season is behind us. So using this opportunity as a means of letting everyone know the achievements of the Donner Summit American Legion Racing Team in its first year, we should in the future be able to write of things other than skiing. The following is a list of events entered and results thereof:

Edelweiss Junior Championships: Downhill, first; Slalom second, Combined, first.

Mammoth Mountain Divisional Championship: Downhill, third; Downhill sixth.

Junior National Championships: Downhill, nineteenth; Downhill—FWSA, 2nd.

Nevada Junior Championships: Giant Slalom, first, fifth and sixth.

Oakland Ski Club Junior Championships: 14 year bracket, first; 12 year bracket, first; 11 year bracket, first; eight year bracket, first.

Sugar Bowl-Diamond Eagle: fastest Junior, first; All ages, third.

Sacramento Bee Silver Ski: Junior II Boys, first; Junior II Girls, third; Junior III Boys, first.

Sugar Bowl Junior Championships: Slalom, first; Downhill, second; Combined, first.

Walt Disney Trophy-Sugar Bowl: Boys seven years and under, third; Girls ten years and under, second; Boys 10 years and under, third.

Real good for a first year club, don't you think so?

Saw Hannes Scroll from the Sugar Bowl last Sunday. He is really pepped up about the new chair lift for Mt. Lincoln. It will open up a teriffic new ski area. With the overnight cabin already built on the back side, cross country trips from Sugar to Squaw will probably be very commonplace in the near future. I might add, it is a beautiful trip also.

Also, last Sunday, our moppets of 10 and under raced the Walt Disney Trophy. Among the Competitors were some real potential top flight racers. In the Easter Bonnet Parade, Candy Board topped all contenders with her topper of aluminum foil and flowers - a very pretty hat on a very pretty little girl.

Dick Buek has returned from his four month junket in Europe and the Olympics. While in Europe he purchased a Porche Sports Car. Pretty nice way of traveling over there and certainly nice to bring home and use here. He tried the hill here at Soda on Sunday and several of the local bombers were contemplating burning their skis after he passed them and made them look like they were standing still.

Ronnie Rau really startled everyone last Thursday when he won his Diamond Eagle at the Sugar Bowl with a blazing 61.8 seconds. His run was the fastest of all juniors, and the third fastest ever recorded in the 15 years of the award in all age groups. I'm not sure of the race distance, but I believe it is over one mile; so he was really traveling.

Personal Income Shows Huge Gains In State

SACRAMENTO —(CNS)— The state department of finance announced that estimated personal income of Californians increased $2.5 billion during 1955.

Total estimated income hit $29,575,000 during the year, the department said.

Wage and salary receipts accounted for most of the increase, showing a gain of $2 billion and totaling $20,345,000,000.

In the Tropical Chamber on the Navel Air Test Center, Patuxent River, Md., technicians recreate a climate comparable to weather on South Pacific islands. Their purpose is to test airplane equipment under tropical conditions.

Members Of Forestry Board Are Appointed

SACRAMENTO —(CNS)— Appointment of John Baumgartner, Jr., San Martin, and reappointment of Domingo Hardison, Santa Paula, as members of the state board of forestry were announced by Gov. Knight.

Hardison will represent irrigated agriculture for a four year term.

Baumgartner succeeds A. T. Spencer, term expired, and will represent the range livestock industry.

Smog Control Wll Be Object Of South Meet

SACRAMENTO —(CNS)— Two measures proposed by the Los Angeles county board of supervisors to strengthen smog control laws will be considered by a legislative interim committee in Los Angeles, State Senator Richard Richards of Los Angeles announced.

Richards introduced the bills at the special session of the legislature, but the measures were referred to an interim committee for further study. Recommendations by the committee are to be submitted to the 1957 legislature.

Stepped Up Road Plan Expected In California

SACRAMENTO -(CNS)— A combination of streamlined engineering and assembly line construction methods will enable California to carry out a stepped-up highway construction program if more road funds are made available, the state division of highways reported today.

In a prepared statement, the division said it has been able to keep pace with the $250 million a year highway construction rate despite a nationwide shortage of some 4,000 highway engineers.

State Highway Engineer George T. McCoy acknowledged that even the present road building program is not keeping pace with California's expanding traffic needs. But, he added, it has been enough "to keep the situation from getting worse."

McCoy Pointed out that despite the shortage of engineers,, the state since the war has been able to complete 1,000 miles of multi-lane divided highway. Another 300 miles is under construction and 200 miles more will be advertised for bids by the end of the year.

Division officials said state highway planning offices have been able to carry the load through use of modern methods of photogrammetry and use of electric calculators.

Photogrammetry, or aerial survey photographs, are used by the division in preparation of highway construction plans, a technique which alone saves the work of 200 engineers.

McCoy said highway contractors have developed ever-larger earth-moving machines and moving assembly lines or "paving trains" to keep up with construction projects running as high as $6 million under a single contract.

Under federal legislation now pending in congress, California would receive $2 billion in 23 years for road construction ,enough to double the state's present highway program.

Tahoe PTA Party On Friday the 13th

TAHOE CITY— Friday the 13th of April has been chosen as benefit Surprise Night by members of the Parent and Teacher Association of Tahoe Lake School at Tahoe City, promising a good time for the whole family.

The entertainment will start at 8 p.m. in the edifice and it has been announced that children will be cared for and games will be offered the young ones while the adults enjoy folk dancing.

The element of surprise is being kept secret until the night of the party.

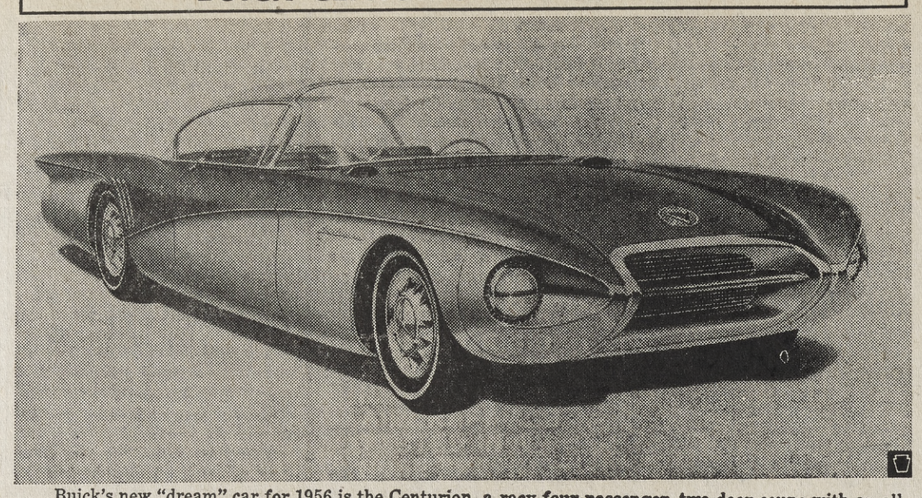
Mrs. H. Obexer, president of the organization and a capable committee composed of the following are busy with the arrangements; Mesdames Albert Lang, Charles Nielson, Ted Wilson, John Palmer, Armen Abrahamian and Miss Geri Bean.

State Will Require Fire Permits After April 15

The California State Division of Forestry announced today that effective Sunday, April 15, burning permits will be required for all out-side burning in the area covered by the state agency.

Because this is the final period before permits are required a large amount of cleanup burning is anticipated by the Division of Forestry and all persons are requested to exercise due caution when doing any burning.

BUICK CENTURION MAKES BOW



Buick's new "dream" car for 1956 is the Centurion, a racy four-passenger, two-door coupe with an all-glass top. Made of fiberglass, the Centurion incorporates many innovations in styling and engineering. It is mounted on a 118-inch wheelbase and is powered by a 325 horsepower V-8 engine. A television camera in the trunk, with a screen on the instrument panel, provides the driver with a wide view to the rear, eliminating the traditional rearview mirror. It will go on display for the first time at the General Motors Motorama in New York.

KINGS BEACH BOY SCOUTS ASSIST IN VERDI FISH PROJECT

KINGS BEACH— Troop No. 81 has never really stopped participating in conservation work, and this week the troop helped again in a local project.

The project was a simple one. The Troop was asked to go to the fish hatchery in Verdi, Nevada, and participate in a fish clip. The troop, represented by Paul Franklin, Kenny Bailey, Skip Mandeville, Gene Tompkins, and Bob Cinani arrived at the hatchery at 9 o'clock Wednesday morning for the job.

This small group represented over sixty per cent of the Troop. Sponsored by the Lake Tahoe Archery Club, Troop 31 is located in Kings Beach. The scout master is "Red" Waddell and he is helped by Clark Powell, representing the sponsoring organization; by Max Kruger, local fire chief, by Bac Fry, local sportsman, and Walt Mandeville, interested father.

This 'fish clip" has been done before. It is a yearly event in which the fishes fins are clipped prior to dumping in the Lake. This clipping helps the fish and game commission determine the effectiveness of stocking the lake. Ray Corelette, Nevada representative for the fish and game, and his assistant, John Reed, took charge of the scouts and showed them the fine points of fish clipping. The right dorsal fins are clipped off, which results in no damage to the fish and leaves a permanent mark.

The fish were taken from their concrete tanks and placed in small buckets. Cotton gloves were worn by the Scout taking out the fish. He would hold the fish in such a manner that another Scout with plier-type nail clippers could clip off the fins, with a minimum of time and movement. The fish was then placed in another tank to await planting in the lake. In little over three hours, 1900 fish, about 700 lbs., were clipped, making sure that there will be plenty of fish in Lake Tahoe this summer and fall.

This conservation effort of Troop No. 31 is of vital interest to all sportsmen who fish in Lake Tahoe, and was well worth the industry expended by all concerned.

Brockway Rotary Seeks District Meet

KINGS BEACH— Preceding the regular meeting of the Rotary Club of Brockway on Monday night, Dick Lavery entertained the members at a cocktail party in his home on Carnelian Bay. Mrs. Jerry Rayburn and Mrs. Theresa Sutton assisted Mrs. Ruth Lavery in serving the 27 members and visitors present.

After the cocktail hour the members adjourned to the Crystal Bay Club where Pappy Brooks presided over the meeting. Dick Lavery introduced his guests: Superior Judge Propp, Supervisor Frank Paoli, Judge Charrison and Deputy Sheriff Rabska.

The club voted to have the directors take the necessary steps to obtain the Presidents' and Secretaries' Assembly at Lake Tahoe for the year 1956 and if not successful for this year to then try for it in 1957.

Johnny Rayburn was inducted into the club as a member by the secretary under the classification of club management.

Later the meeting was turned over to Program Chairman Hank Dodd who showed a film of professional football entitled Highlights of the 49er Football Team.

The Easter party given by the club for the younger children of the area was quite successful, even though the weather was disagreeable. Children awarded prizes for the egg-hunt were: Pre-school; Jay Bessio, Sherry Decker and Dianne Lausche. First and second grades: Verne Wing, Joanne Palmer. Third and fourth grades: Ricky Molsberry, Stephen Potkay, Donald Decker, Estelle Howell. Fifth and sixth grades: Dianne Davis, Katherine Graton, Kenny Bailey.

The surplus supply of treats left after the party was over were taken to Sunny Acres in Carson City on Sunday afternoon. This is an annual custom of the club and the children at the school greatly appreciate the club's thoughtfulness.

JOE ROSS RETURNS TO TRADEWINDS FOR THIS SEASON

KINGS BEACH— Joe Ross has returned from Los Angeles to take over the active management of the Tradewinds which since the first of the year has been operated by Mr. and Mrs. George Ridgway. The latter have returned to their own business of operating Kings Beach Resort.

Accompanying Ross to Kings Beach was his head chef, Jimmy Chin, the famous Chinese cook, who will preside in the kitchen. Currently they are preparing and serving regular American dinners and dishes, but specializing in barbecued spare ribs and prawns.

The bar and cocktail lounge are open and patrons are invited to drop in any time at this popular establishment.

Pest Control Expensive For California Farmers

SACRAMENTO —(CNS)— State agricultural officials have released figures showing that California farmers spend more than $50,000,000 a year on pest control.

Allen B. Lemon, chief of the state bureau of chemistry, said the figures were based on a 1952 survey made by the U. S. department of agriculture.

The survey showed, Lemon said, that one-fifth of the money spent in the nation for agricultural pesticides is spent in California.

In California, more than $40 million was spent on control of insects and plant diseases, nearly $9 million on weed control, and nearly a half million on livestock pest control.

Brockway Theater To Open April 12

KINGS BEACH— Jack Neugebauer, manager of the Brockway Theater announced this week that starting Thursday, April 12, he will open the theater for the summer season.

For the time being, there will be shows four nights a week with two changes weekly and one performance each night. Next Thursday and Friday will be featured by Lieutenant Wore Skirts and Saturday and Sunday A Prize of Gold will be the attraction.

The box office will open at 7:15 and the show will start at 7:30 each evening.

Only the best attractions will be booked for the local theater, Neugebauer declared.

Mr. and Mrs. D. B. Free were expected to arrive at The Dunes, their resort at Tahoe Vista after a lenghty vacation in Florida.
a lengthy vacation in Florida. Mrs. Free wrote that it was nice to keep in touch with home by way of the Sierra Sun, during their absence.

SIERRA SUN ADS PAY!

ALL TAHOE GATES REMAIN CLOSED AS SMALL RISE SEEN

TAHOE CITY— An inch of snow with .09 of an inch of precipitation was recorded at Tahoe City during the weekend, breaking a dry spell which has extended all through the month of March.

There were 36 inches of snow on the ground at Tahoe City Monday. The lake level stood at 6227.01 feet and all the gates into the Truckee river were closed.

Temperatures during the week ranged from a chilly 17 degrees Sunday morning to a warm 53 last Thursday, Art Frodenberg, cooperative observer reported.

Mrs. Henry Rroste who has been visiting in Ohio was in Los Angeles last week end and will be at Tahoe City from now on.

Rosalie La More whose home is in Van Nuys was a Kings Beach and Truckee visitor last week.

John W. Geary, San Francisco's first postmaster, was the first mayor elected under the new city charter of 1850.

THANKS

During the past five years, it has been my pleasure to serve you as your garbage collector.

For the fine cooperation I have received during those years, we are sincerely grateful and want to express through this means, our thanks.

We plan to continue the service outside the district as we have in the past and hope for your continued cooperation there.

Pankokes Enjoy Busy Weekend For Easter

The Robert Pankoke family enjoyed a number of activities during the Easter vacation including the arrival home of Bob "Governor" Pankoke who is majoring in chemistry at Sacramento State College. He is wearing a cast as the result of a broken leg sustained while playing basketball.

Diana danced at the pre-Easter benefit for the Reno Veterans Hospital. The program was broadcast from the radio station in Reno.

The family also spent four days at Disneyland and Death Valley.

TAHOE NURSEY CARD PARTY WEDNESDAY

TAHOE CITY— Mrs. Eunice Henrikson has reminded everyone interested that a whist party will be held at 8 p.m. on Wednesday, April 11th in the Tahoe Nursery School. Refreshments will be served at the close of the affair and all who enjoy whist are urged to attend bringing about a successful party for themselves and the small children of the district.

The edifice is located next to the Tahoe Lake Elementary School.

Surprise! There are always lots of laughs when you surprise friends with a special party. And, of course, the best way to organize any kind of party — quickly and easily — is by telephone. You've no doubt used your phone for this purpose many times. It's another of the ways the telephone saves time, makes living more pleasant. And after all, that's what it's for. **The men and women of Pacific Telephone work to make your telephone more useful every day.**

Rules and Regulations
Water Service

In keeping with sound business policies in use by most private and public utilities throughout the country, the directors of your Utility District have adopted a set of Rules and Regulations governing the water service of the District that among other things, requires hereafter a Service Connection Charge to connect to the water mains.

They also provide for the method of handling Complaints, the Extention of Mains into new territory and the regulation of Cross Connections between private and District lines.

The rules govern the application for service; Special Contracts; Establishment of Credit; Types of Service; Meter Installation, Maintenance and Reading; Adjustment of Bills; Temporary Service; Automatic Fire Service and Excess Water Usage.

Interested parties may obtain copies of the Rules and Regulations at the office of the District.

National Ski Meet At Squaw Draws World Champions

TAHOE CITY— The biggest ski meet in the history of the far west gets underway Friday at Squaw Valley, when one hundred of this country's top racers open the national championships in a meet sponsored by the Squaw Valley-Lake Tahoe Ski Club.

For the first time in the annuals of American skiing, the National championships will include downhill, giant slalom and slalom. As a result of a new policy adopted by the National Ski Association last May, the national giant slalom has been added to the downhill and slalom events to form the National Alpine Championships.

This also marks the first time that a race of national or international caliber has ever been held in the far west. With the exception of the world's championship held at Aspen Colorado, in 1950, the Squaw Valley meet will be the biggest in the United States.

FIS Observer

The nationals are of particular interest this year because the events will indicate competitors to the possible 1960 Olympic courses. Eyed by racers as a sneak preview of the forthcoming winter games, this week's competitions will also be observed by a representative of the International Ski Federation. Robert Raure, vice-chairman of the FIS downhill-slalom committee, is scheduled to arrive from France on Friday to assist the sponsoring Squaw Valley-Lake Tahoe Ski Club with technical matters.

Faure's inspection of the ski slopes this spring will be supplemented by a visit from Otto Menardi, chairman of the FIS downhill-slalom committee, sometime next fall.

Organization Pains

The races will be run according to international standards and on courses of Olympic caliber. However, all this is being done without benefit of a large Olympic organization. The sponsoring club, made up of local Tahoe and Squaw Valley residents, is being assisted by members of the Reno, Tioga, Auburn, and Truckee ski clubs, as well as the Bay Area Ski Federation members. Race officials will number nearly 100, including course packers, gate keepers, timers, starters and recorders.

On the technical side, Pacific Tel and Tel's resident wire chief Bill Williams and other telephone company employees laid about eight miles of wire during the past week for communication and timing needs.

Officials

Dick Movitz of Salt Lake City, former U.S. Olympic ski team member, will be technical adviser and Gorden Wren, also a former Olympic skier, and well known junior coach from Reno, will serve as referee. Charlie Proctor of Yosemite is chief of gates; Gordon Butterfield of Squaw Valley, chief of course; and Ray Fellows, Lake Tahoe, is chairman.

Downhill for both men and women will be set by Yves Latreille, one-time national downhill - slalom champion, Canadian FIS team member, now Mt. Baldy ski school director.

Men's giant slalom— Joe Marillac, Squaw Valley ski school director.

Women's giant slalom— Stan Tomlinson, Grouse Mt., B. C. ski school director and formerly director of the Squaw Valley ski school.

Men's slalom— Hal Codding of Reno, former Olympic ski team member and Mt. Rose ski school director for several years.

Women's slalom— Roger Machet, now teaching at Squaw Valley, is from Val d'Isre, France, where he was a member of the French National ski team for five years.

Downhill

The downhill, most thrilling and dangerous of the Alpine events, will begin just below Squaw Peak's cummit and drop 2500 feet to the finish gate.

Starting time has been tentatively set for 9 a.m. on Friday, when the corn snow is at its fastest.

Giant Slalom

Giant slalom events for men and women will be held on KT-22, formidable mountain that juts up 200 feet above Squaw Valley Lodge. (KT-22 was named by the first skiers in the valley— it was so steep it took 22 kick turns to get down.)

Called a "very interesting mountain" by Austrian ace Christian Pravda, KT's slopes are rugged— dotted by trees, with cliffs and gulleys, dips and bumps, and bare faces, providing a great variety of terrain.

Slalom

The final day of racing will start at 9 a.m. on Sunday with the slalom events. Four courses, two each for men and women, will be set alongside the Flying Saucer in full view of the lodge sundecks.

Know the Enemy

World Health Day, April 7, spotlights the battle against disease-carrying insects. Part of the fight is to know the enemy, which is what these children in a West Bengal school are learning. Using a giant model of a malaria-carrying mosquito, the instructor tells them how the disease is transmitted. DDT-spraying campaigns sponsored by the Indian Government, with earlier help from the UN Children's Fund and World Health Organization, have so far protected more than 75,000,000 persons in malarious areas against the disease.

Sacramento Family Wins Summit Race

NORDEN— The Mauger family, Jack, Jackie and Marylyn, of Sacramento won the fourth annual Sugar Bowl family race Sunday with the Alex Cushing family of Squaw Valley was second and the Wayne Poulsen family of Squaw Valley third. Pat Nast of Sugar Bowl had the best individual time for the day.

Dennis Hogan of the Donner Summit American Legion nosed out Kit Schull in the combined junior championship. In the girls' combined Pat Nast was first; Smiley Tschopp, second and Jackie Mauger, third.

Craig Holliday won the Walt Disney race with Roger Atanasoff, second and Theodore Lerch, Jr., third, for the boys and Sandra Fellows was first for the girls with Betty Reich and Elizabeth Russell second and third respectively.

Larry Piche won the seven years and under class with Lance Poulsen, second and Bunny Baird, third.

Another Standard Eagle race will be held Saturday at 4 p.m.

The National Veterans (seniors) giant slalom will be held at Sugar Bowl April 15 for association races 32 years of age and over.

The Silver Belt invitational race is set for April 22nd.

SUTTONS
Back To STAY

Theresa and Tom Sutton are now back at their home in Kings Beach and it is their intention to make this their permanent residence.

Tom has been a director of the North Tahoe Public Utility since its inception in 1948 and is a candidate for reelection at the

SPECIAL ELECTION
Tues., May 1

Starting in a small way, the directors have, through economy and careful management, developed the sewer system in a most satisfactory manner, now taking in all of Brockway Hill north of the highway as well as Crystal Bay— the later extention going a long way toward absorbing the expense to the tax payers. Likewise, other extentions westward and northerly all help to not only improve the overall position of this area, but ultimately reduce costs to the tax payers.

A VOTE for . . .
TOM SUTTON
means
Continued PROGRESS

(This ad paid for by backers of Tom Sutton for director No. 1 for the NORTH TAHOE PUBLIC UTILITY DISTRICT.)

Scouts

It was wonderful of those that gave their time and efforts so generously toward the success of the booth recently put on by Troop 31, B.S.A., at the Scout-O-Rama at Roseville. In case you have not as yet heard, the booth which was on archery, not only won a blue ribbon, but also brought home one of the four outstanding booth awards given out. Providing transportation down were Walt Mandeville, Chet Robertson, Max Krueger, and transporting back were Walt Mandeville, Walt Bailey, and Scoutmaster Waddell. Walt Mandeville also stayed overnight and camped with the boys. Scouts participating were, Bud Robertson, Stanley Baker. Kenny Bailey, Chuck Bergman, Dennis Thompkins, Jerry Cinani, Bobby Howell, Dennis Decker, Paul Mason, and Skip Mandeville.

Adult councelors for the three shows were Max Krueger, Walt Mandeville and Howard Mason. Much credit was due to the Lake Tahoe Archers, Inc. whose membership spent many hours teaching and preparing the Scouts, which enabled them to do so well.

Staying Here

Just when we were afraid that Tom and Theresa Sutton might be moving out they tell me that they intend to stay with the beautiful lake permanently. See Tom's add for more information on his activities.

Archery

A wonderful time was had by all who attended the archery shoot Sunday a week ago at the Lake Tahoe Gun club. The shoot was an inter-club tournament between the Washoe Bowmen of Reno and the local Archers, Inc, who acted as hosts. Seventeen Reno and Fourteen local archers took part in the shoot, with nine places going to each club. Following are those who went home with ribbons. Expert Bowmen: first, Walt Mandeville; second, Mike Cunningham; third, Clark Powell. Bowmen: first, Harry Street; second, D. Holmes; third, Bob Adams. Archer: first, Ken Bailey; second, Ray Keller; third, Bake Frye. Novice: First, Jerry Chadwick; second, Joe DeLory; third, Larry Riordan. Women: first, Gene Frye; second, Francis Riordan; third, Betty Powell. Junior: first, Jeff Greely; second, Dennis Thompkins; third, Dan Riordan. During the half way mark, a very good buffet lunch was served in the Crystal Bay Club. The next shoot will be at the Washoe Bowmens interclub tournament at Reno April 29th.

Prizes Galore

Noel and Mrs. Hulbert may well be proud of their family of girls—Joan, Jill, and Penny, as they all did remarkably well at the hog and cattle show at the Cow Palace in San Francisco. They had a showing of 12 hogs and won the reserve championship, and a pen of 10 brought ten choice purple ribbons, two blue ribbons and three showmanship awards. Joan won the far western Burkshire breed for the best showing. Now, on April 8th they will show their exhibits at Douglas County Fair at the Rodeo grounds at Gardnerville, Nevada. We sure congratulate the girls on their wonderful showing and wish them the best of luck at Gardnerville. Noel runs the garbage disposal at the North end of Tahoe, and has a ranch at Minden, Nev.

Easter Morn

Now, it's Easter morning and it came in with just a flurry of snow. Just the very thing, as everything was white, although only ⅛-inch, but it looked so pure and holy, just like the morning. Christians everywhere are celebrating the Resurrection of our Saviour. Now it's church time and the sun is shining beautifully, so we can wear our Easter bonnets after all.

Doing Fine

Just had a nice visit from Mel and Carmel Throop. Was surprised to see how well Mel is doing, but it will take a long time for him to be his usual self. A fractured vertebra takes quite a while. They have just returned from a very nice trip to Oceanside, Palm Springs and then to Arcata, Calif, where they visited their daughter and her husband. Jerry is foreman in a nursery as a landscape gardner and daughter is majoring in art at Humbolt State College and has another year to go, and will them teach the art.

Services

The churches of Kings Beach were well attended on Easter Sunday. The Catholic church, The Lady of The Lake, as always was filled and beautiful music was featured with Enola DeGregoria at the organ.

The Community Methodis Church service was held at the Brockway Theater which was very graciously donated by the owners, and was appreciated no end. It was a delightful service and well attended. Ruth Mizner was the organist, the choir was directed by Betty Holbrook, and Doug Wilson was the narrator for the cantata which was shown in colored slides and was Peter and The Resurrection. The congregation was all decked out in their Easter clothes. One pretty sight was the Henry Graton family. Mr. and Mrs. Graton, and their 6 children occupied a row of seats all of their own, in the prettiest of bonnets, etc.

Coming and Going

Albert and Mrs. McEathron have returned from Moab, Utah, where they stayed for a while during the winter, and Ira and Kay Blair have returned to their motel in Kings Beach after quite an absence. John and Ruby O'Connor were up again to look over the home here, and then made off to Reno for more business. They are just wild about their new home in Oakland, but the lake stays right under their skin, so does the beautiful new car. It's a beaut and as cute and pretty as can be. Also, Timmie Mizner was up over the Easter holidays.

Out

I have been informed that the property that housed the livery stables from Tom Carter has been sold, thus putting an end to the business at Kings Beach.

Wind Storms

Terrific windstorms marred the recent vacation trip, via pick up truck of Mr. and Mrs. Howard Cope into Boulder City, Nevada and Bullhead City, Arizona. In the latter place they met their son Arl Lee Cope of New Mexico and had the experience of having their tents blown down around their heads by the gale. On the return via Goldfield and Mina they again encountered a windstorm and came back to Lake Tahoe very content with its climate.

JOBS ARE OPEN IN STATE DEPARTMENT

The California Division of Highways and other state agencies are asking delineators to file their applications for examination by April 27th, it was announced by the state personnel board today. Vacancies exist throughout the state chiefly as a result of California's growing highway program.

The job, which pays $358 to start, requires three years of drafting experience in an engineering office. Lettering and ink drawing experience may also qualify if supplemented by one year in an engineering office.

In the field of medical and social work, the following examinations are open to application.

Physical therapist 1, with a salary range of $325-376 and physical therapist II, $376,-458, both with a final application date of April 26; public health medical officer III (child health), $862-$950 or $950-$1,050 depending on professional qualifications, April 27; counselor, school for the deaf, $310-$376,

Applications for mattress maker and upholsterer, $358-$436, must be filed by April 20; and for assistant landscape architect, $436-$530, by April 27.

Full information and application forms may be obtained from State Personnel Board offices in Sacramento, San Francisco and Los Angeles, or any Department of Employment office.

Increase In Auto Deaths Reported By State Patrol

SACRAMENTO —(CNS))— The California highway patrol reported increases in the number of traffic accidents in California during February.

The patrol reported the number of reportable accidents was up 15 per cent, and the number of injured presons up 17 per cent.

Highway accidents took the lives of 146 persons during the month, a decrease from February of last year.

A hangar on the Navel Air Test Center, Patuxent River, Md., is lead lined to exclude electrical interference. It accommodates the largest military planes while their radio insatllations are tested.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO —(CNS)— The California legislature has discovered a new method of circumventing the wishes of the governor inso far as subjects on the call of a special session are concerned.

This is evidenced by the adoption in the senate and assembly of identical resolutions pertaining to fluid milk prices paid to producers in this state.

Governor Knight was requested by W. C. Jacobsen, director of the state department of agriculture, to include revision of the milk law adopted at the 1955 session of the legislature, to permit some more return to the milk producers.

The governor did not see fit to put the item on the special call, and as almost everyone knows, it is not permissible to pass legislation during a special session unless the subject has been placed on the special call by the governor of the state.

However, in the assembly, Assemblyman Thomas Erwin, of Punete, and in the senate, Senator Earl Desmond, of Sacramento county, introduced similar resolutions which direct the state director of agriculture to "begin as soon as possible to review both stabilization and marketing plans and minimum wholesale and retail prices for fluid milk, in all marketing areas of the state, and in any event by September 7th, 1957."

The legislature further tells the director of agriculture in considering changes in minimum wholesale and retail prices paid producers by dsitributors should be considered under the 1955 law adopted by the legislature.

The resolution is directed to Jacobsen, the director of agriculture, who is an appointee of Governor Goodwin J. Knight. Thus, the legislature in effect is departing from the legislative branch of government, and entering into the executive branch, without even the courtesy to the governor of directing its resolution to the chief executive.

This is believed to be one of the first times in history when the legislature, which is charged by the constitution to concern itself with making the laws of the state, has departed from this type of activity, and attempted to enter into the field of executive administration.

The constitution specifically provides that administration is in the hands of the executive branch of government, and the entire theory of democratic government is based on the separation of the three branches, legislative, executive, and judicial.

Whether the resolution, which was tossed to a group of milk producers as a sop for the legislature being unable to consider revisions in the 1955 law at the present time, will have any legal effect or not, is moot question. But in any event, the director of agriculture, through his bureau of milk control is the price-fixing agency for the state insofar as milk is concerned, will now have something upon which to fall back when the additional prices to producers perhaps will be paid in the form of another increase in the price of milk in California. He at least can say "I was directed to do this by the legislature," despite the fact that his boss, the governor refused to give the legislature a legal opportunity to consider the price increases at the present time.

This is the power of the milk trust lobby.

Highway Commission Has Authority In City For Freeway Locations

SACRAMENTO —(CNS)— Attorney General Edmund G. Brown ruled today that the California highway commission has authority to determine location of freeways in cities but that such locations can be challenged in court if fraud or abuse of discretion is charged.

Brown also said cities may withhold consent to permanent closing of streets affected by planned freeways.

The opinion was requested by Assemblyman Charles W. Meyers of San Francisco in connection with a proposed freeway between Golden Gate Bridge and the proposed Southern Crossing.

Brown held that the city of San Francisco was powerless to prevent the highway commission from locating a freeway in that city.

The burden of proof in any court action to stop freeway construction would be on the city, Brown said.

Robinson Resigns Job As State Law Officer With Attorney General

SACRAMENTO —(CNS)— Attorney General Edmund G. Brown announced resignation of Harold G. Robinson as deputy district and chief law enforcement officer of the state department of pustice.

Brown said he accepted the resignation, effective March 31, with "great regret."

The attorney general paid tribute to Robinson for his brilliant law enforcement career which began in 1933 as an FBI agent.

Robinson came to California in 1947 after being retained by former Governor Earl Warren to investigate a slot machine protection racket in Mendocino county. He was chief investigator of the California commission on organized crime, and set up the investigation staff of Senator Estes Kefauver's senate committee on organized crime in interstate commerce.

Robinson has served as deputy director of the justice department since 1951.

TIMBER OPERATORS WILL MEET APRIL 16

The fourth annual conference of Tahoe National Forest personnel and timber operators from the surrounding area will be held in the dining hall of the Veterans Memorial Building in Grass Valley, beginning at 9 a.m., Monday, April 16th.

Forest Supervisor L. A. Rickel invites loggers, lumbermen and all those interested in timber harvesting activities in the Tahoe area.

The meeting, as in past years, will be given to presentation of timber sale plans and discussion of related problems. Road construction plans and forest fire problems will occupy a prominent place at the meeting.

These meetintgs have served to develop a better understanding of mutual problems and a clearing house of ideas.

Appointment

SACRAMENTO —(CNS)— Gov. Goodwin J. Knight announced appointmnet of J. Warnock Walsh and Thomas J. Biordan, both of San Francisco, to the board of harbor commissioners for San Francisco Harbor. The positions were created by the 1955 legislature. Both appointments were for four year terms.

Calls For Bids

SACRAMENTO —(CNS)— The state division of highways announced today it will advertise for bids for constructing a 26-foot roadbed for 2.1 miles on Sign Route 20, between 4.0 miles west of casey's corner and Rough and ready. Cost will be approximately $95,000. New concrete decks are to be constructed on bridges across Clear Creek and Grub Creek.

FOR RENT— Furnished Apt. Telephone 41. tfc

Former Local Men Held In Cabin Fire

Two former Truckee men, LaVerne Hocker, 23, and Jack Thomas, 25, have been arrested on suspicion of arson in connection with the fire which destroyed the ill-fated Burton W. Abbott cabin at Wildwood in Trinity County last Sunday.

District Attorney Stennett Sheppard said he believed four or five lumberjacks, including the two former local men, were present when the cabin was burned to the ground.

Sheriff Harold J. Wilson said Hocker admitted burning the cabin because "we figured two murders were enough."

The body of 14-year-old Stephanie Bryan was found buried near the cabin last July 20th. In 1946, Ray Latham was shot and dismembered in the cabin by Lloyd Snyder.

District Attorney Sheppard said he is still investigating the cabin-burning and that he may file arson charges against several persons.

Abbott, convicted of Stephanie's kidnap-murder, is in San Quentin's Death Row awaiting appeal of his case.

Comes Home—
Mrs. Hannah Stewart returned to her home here this week after a two months visit with Mr. and Mrs. Louie Cavallo and Mr. and Mrs. John Gracik at Reno.

CALIFORNIA GAINS IN BUSINESS TREND

With the exception of retail trade, California continued to show more favorable business trends than the nation during the first two months of 1956, according to the California State Chamber of Commerce.

"Production and trade no longer show the strongly rising trends which were predominant during 1955, but reflect a mixture of ups and downs which balance out at levels considerably higher than a year ago," said William C. Mullendore, Los Angeles, first vice president of the state chamber.

In his current report on economic conditions in the state, Mullendore called attention to the fact that in spite of the continued rise in personal incomes, retail sales during the first two months of 1956 leveled off below the peaks reached last summer. Department store sales showed little change, but apparel store sales were down 2 per cent.

"Increased activity in construction and manufacturing during February were principal stimulants for a rise of civilian employment to 5,145,000, or 4.7 per cent above the same month last year," he said.

Mullendore noted that residential building continued to show decreases from year ago levels both in the number of dwelling units authorized and in the value of permits, but average values per unit were 10½ per cent higher than a year ago.

"A very substantial increase in the industrial and commercial catagories raised total values of building permits to new record levels. California permit values in January rose 16 per cent above January 1955," Mullendore said.

Factory employment in California reached 1,101,500 during February, 7 per cent above the same month a year ago, according to the State Division of Labor Statistics and Research. Nationally, factory employment was up 4½ per cent.

The U.S. Department of Commerce in a recently issued forecast said that capital expenditures of manufacturers for new plants and equipment during 1956 will show an increase of 31 per cent over 1955.

License to Wed—
A marriage license was issued at Reno, Nevada this week to Joe H. Hale 22 of Wheatland, California and Shirley J. White, 18, of Tahoe City, California.

CHURCH NOTES

On Friday evening there will be a dinner meeting of the Men's Club of the Church. There will be a film shown to the group and discussion about future meetings for the Men's group. Men desiring to attend please call Rev. Osman for dinner arrangements. Dinner begins at 6:30 p.m. and the whole meeting ends at 8:30.

Rev. Osman announces that his message at this Sunday's worship service will deal with "Facing Life's Problems". At the Easter service the following persons came into membership of the church: Mrs. Roy Slate, Mr. and Mrs. Lyle Hubbard, and Willard Ray Painter who comes through his desire to unite in membership while in training in the Navy at San Diego.

Both of the Youth Fellowship groups will meet this weekend. The high school MYF will meet at 7 p.m. on Monday evening and the Intermediate Fellowship meeting at 5 p.m. on Sunday evening.

NOTICE OF DISSOLUTION OF PARTNERSHIP OR JOINT VENTURE

The co-partnership, or joint adventure, heretofore existing under the firm name and style of SUNNYSIDE BOAT COMPANY,, situated at Sunnyside, on Lake Tahoe in the County of Placer, State of California, is this day dissolved by the mutual consent of the parties hereto, to-wit: by the mutual consent of J. Ralph Sears and J. Lloyd Stelling.

All persons who are indebted to the undersigned are respectfully requested to come forward and make payment to them.

Dated at Auburn, California, this 26th day of March, 1956.

J. Lloyd Stelling
J. Ralph Sears

STATE OF CALIFORNIA)
)ss.

Series Of Mishaps Mar Local Traffic

A series of motor vehicle accidents during the past week were reported to the California Highway Patrol. None of them was serious in nature although several occupants of the cars suffered minor injuries.

Frank C. Whitcar of Castro Valley escaped injury when his car got out of control and hit a snow bank near Kingvale Saturday evening. Patrolman William Gautsche made the investigation.

Norman Chapman of Auburn was cited for speeding and not having his car under control after it crashed into two parked cars Saturday afternoon two miles east of Soda Springs. Patrolman Roy Stallard investigated.

Lloyd Davis, Reno, lost control of his car near Kingvale Saturday night and it blew out a tire after hitting a snow bank. While Davis was attempting to repair the damage his vehicle was struck by one operated by Clarance Bascom of Hayward. John Nelson of Reno, an occupant of the Davis car, suffered minor injuries. Patrolman Gautsche investigated.

Five cars were involved in a "fender bender" crash near Hirschdale Sunday night on the icy highway. No one was injured. Patrolman Gautsche was called to investigate.

Frank VanHousan of Auburn was taken to the Tahoe Forest Hospital Monday night after a car driven by James Foesburg of Auburn hit a bridge railing at Boca. Patrolman Martin Sturcke cited the driver for speeding.

Cars driven by Margurite Struck of Pebble Beach and Robert Morrison of Colorado, collided on the Donner Bridge Mnday afternoon. Mrs. Struck was cited by Patrolman Roy Stallard for being on the wrong side of the highway. No one was hurt.

To Capital—
Mr. and Mrs. William Englehart, Sr., with Merrill Englehart spent the Easter weekend in Sacramento.

Brothers Visit—
Mr. and Mrs. Angelo Besio had as their guests during Easter week, Mr. and Mrs. Tony Besio of Modesto.

In Oregon—
Mrs. Walter Bigelow who left here to live in Loomis, is now at Wasco, Oregon where she expects to stay until middle October. In her note, Mrs. Bigelow sent greetings to her local friends.

Family Here—
Mr. and Mrs. Frank Giovannoni entertained at their home during the weekend, Mr. and Mrs. C. M. Griffin of Williams, Mr. and Mrs Hugh Smith of Maxwell and Mr and Mrs. M. I. March of Woodland

Date Observed—
Mr. and Mrs. Earl Brown celebrated their wedding date early in March, receiving the very good wishes of their friends.

Happy Days—
John and Charles, twin sons of Mr. and Mrs. John Collier celebrated their birth date on March 9th.

Birthdays—
G. Gini observed his birthday on St. Patrick's Day and his son, Eugene Gini followed with a March 21 birth date. Robert Kaspian's birth date occured on the first day of spring.

On Business—
Kenneth Hedlund was a business visitor in Oakland this week.

From City—
William Waters returned with Mrs. Waters and their children who had been visiting in San Francisco. Mrs. Waters had gone to the city with the Armon Close family.

Tahoe—
Mr. and Mrs. W. J. Urch of Tahoe City have been hosts to Mr. and Mrs. James Stuller and children of San Francisco.

Hurts Ankle—
Jerry Little of Kings Beach is getting around on crutches after tearing the ligaments in one knee.

Hospital Patients—
Among the local people receiving treatment at the Tahoe Forest Hospital this week were Mrs. Genevieve McReynolds and Mrs. Dorothy Kay who underwent minor surgery, Judy Fanger of Tahoma and Mrs. Irene Grant of Kings Beach who were medical patients.

Out of Hospital—
Charles R. Heller, who has been undergoing treatment in the Tahoe Forest Hospital, has been released but will rest up at his home before returning to his work at Heller's Variety.

Clubs Meet—
The Donner Dancers square and folk dancing group will entertain members of the Wyethia Women's Club and their husbands Friday evening, April 6th in the Veterans Memorial Building, convening at 8 p.m. Refreshments will be served.

NOTICE

On and after this date, I will not be responsible for bills or other obligations contracted by anyone other than myself.

EDGAR RICE BURROUGHS'

Tarzan

...TARZAN, LORD OF THE JUNGLE, ROAMED ABOUT HIS BELOVED HOMELAND, FISHING, HUNTING AT HIS LEISURE.

DURING HIS TRAVELS, TARZAN CONSTANTLY MINGLED WITH THE DENIZENS OF THE FOREST, YET ONE DAY, STRANGELY, HE WAS SURPRISED BY THE ABSENCE OF ANIMAL LIFE.

LATER, HOWEVER, AT DUSK, HE SPOORED THE FAINT SCENT OF MAN TO A LARGE NATIVE VILLAGE.

ONLY SILENCE GREETED THE APE-MAN. ONE LONE WARRIOR PROWLED THE STREETS BUT SOON VANISHED FROM SIGHT.

4-1 1308

DICK VAN BUREN JOHN CELARDO

TARZAN ENTERED A SMOKY, STENCH-FILLED ROOM. A SHRIVELED OLD WITCH DOCTOR REGARDED HIM THROUGH UNBELIEVING EYES. "WHAT ARE YOU DOING HERE, WHITE MAN -- IN THE LAND OF THE *LIVING DEAD?*"

WHAT FEAR KEPT EVERY-ONE HIDDEN? CURIOUSLY NOW, TARZAN APPROACHED A DIMLY LIGHTED HUT.
